OLD WORLD CHARM

FACING ABOVE: The wrought-iron gate, vaulted ceiling, rustic wood rafters, cast-stone colonnade and natural stone floors of the Loggia accentuates the exterior's Mediterranean architecture.

FACING BELOW: The Family Room with vaulted ceilings, wood beams and deeply set clerestory windows provide a cozy and inviting feeling overlooking the Coral Gables waterway.

ABOVE: The intricately carved fireplace serves as the backdrop for the simplicity and sophistication of the Living Room, where dark-stained, wood rafters with hand forged, twisted, iron collars and wrought iron chandelier establish the Old World feel.
